

2011-12 Town Business

The year 2011 brought many changes for the Town of Atherton, its organizational structure and the way we do business. The Building and Public Works Departments were both outsourced saving the Town money, with no reduction in services. The former interim City Manager and his executive management team quickly began solving long-term problems and the Town's litigation expenses were far less than previous years.

On December 21, 2011 City Council reorganized and discussed their vision for 2012 goals. Most notably, they included that Council begin filling all interim positions with permanent positions. Staff objectives and performance need to be set and measured, efficiencies from outsourcing contracts are to be gained, and processes and meeting openness should be improved through technology. Council agreed to get together soon on long term sustainability planning, and hold meetings in other locations including the various schools in Atherton in order for students and faculties to get involved.

To keep up with Council goals, objectives, priorities and accomplishments please contact the City Clerk's office to add your email address to the electronic mailing notice for City Council meetings.

Town Committees and Commissions — Join us and make a difference!

The Town will begin recruiting for committee and commission vacancies in late March.

All committees and commissions have term expirations set for June 30th of each year. Members whose terms expire this April will continue to serve until the Town completes recruitment for the 2012 calendar year. Contact Theresa DellaSanta at tdellasanta@ci.atherton.ca.us for a list of scheduled vacancies for our current committees and commissions. Members are appointed by and serve at the pleasure of the City Council.

If you currently serve on a committee or commission whose term is due to expire this year, please send an email to Theresa DellaSanta stating that you would like to be considered for reappointment.

Elections

The Town of Atherton will be holding an election on November 6, 2012, to fill two City Council seats for a four-year term expiring in November 2016. Opening of the Nomination Period will begin in mid-July, and close in early to mid-August. For information on becoming a candidate, interested registered voters of the Town should contact Theresa DellaSanta in the City Clerk's Office at 752-0529 or tdellasanta@ci.atherton.ca.us.

A Message From Your City Clerk

Over the last two years the Town has collected email addresses from its residents and developed an electronic distribution list for keeping the community informed of City Council meetings, Town Commission and Committee meetings, study sessions, Town community meetings and workshops, and press releases.

If you would like to be added to the electronic mailing list, please send an email to Theresa DellaSanta at tdellasanta@ci.atherton.ca.us.

Atherton — Tree City USA Welcomes Kevin Kielty, Town Arborist

Kevin Kielty is the Town Arborist for Atherton. Mr. Kielty is certified with The International Society of Agriculture and has been a practicing arborist in the private sector for over 22 years, working throughout the Peninsula. The Town would like to take this opportunity to welcome Mr. Kielty.

Frequently Asked Questions regarding tree protection, removal and trimming:

- Q. Who should I contact for advice on care for my trees?
- A. Property owners should hire a private Arborist for advice on tree care. If you propose a tree for removal, the Town Arborist will rely on your Arborist Report as one factor of the decision-making process.
- Q. What should I do if I have a dead or dangerous tree that I want to remove? What if a tree conflicts with proposed property improvements?
- A. Please contact the Town Arborist. As part of the review process, you will be required to submit your own Arborist Report. Please note that depending on the number of trees, or the specific condition of the tree, requests for Heritage Tree Removal may be referred to the Planning Commission.
- Q. What type of protection do I need to provide for trees when there is construction at my property?
- A. As part of the development and permitting process, owners will be required to submit a Tree Protection and Preservation Plan prepared by a certified arborist. Please contact Kevin Kielty at (650) 752-0526 for a copy of the "Tree Preservation Guidelines, Standards and Specifications" which will provide additional guidance. This can also be found online at www.ci.atherton.ca.us or is available for pickup at the Building Department.
- Q. Can you provide any guidelines for trimming my trees?
- A. It is important to remember that if trimming or pruning to trees is done incorrectly, it can cause great harm and damage to a tree. In order to avoid this, some industry-accepted guidelines are:
- No more than 25 percent of the live foliage should be removed from a heritage tree annually.
 - The use of tree climbers (hooks, gaffs, spikes) should not occur when trimming heritage trees. An exception can be made when safety is an issue.
 - Large limb removal to the trunk of a heritage tree should be avoided whenever possible. Flush cuts should be avoided; cuts should be made to the branch collar.

Mr. Kielty is in the office: Tuesdays 9:00–4:00 PM and Thursdays 2:00-4:00 PM
He may be reached at: (650)752-0526 (office) or (650)515-9783 (cell)
email: kkielty@ci.atherton.ca.us

NEIGHBORHOOD CODE TIPS

Did you know that Atherton receives many complaints from residents that can easily be solved?

Leaving your trash cans out is a good example.

The Atherton municipal code requires that trash receptacles be placed at the curb for collection no more than twenty-four hours before and removed no more than twenty-four hours after collection.

Another example is placing objects in the lot frontage strip to prevent others from parking there. This is often the case near large construction sites and the presence of these objects creates a severe safety hazard to pedestrians and vehicles.

The Atherton Municipal Code states: no logs, curbs, rocks or other similar obstructions are allowed within six feet of the pavement edge. Residents who have placed objects in this area should remove them immediately. A property owner may be subject to an administrative citation and the removal of the objects at the property owner's expense.

While limiting parking in front of your property is desirable, please keep in mind that **the street is public property and anyone can park a licensed operable vehicle there for up to seventy-two hours.**

Town staff does not actively seek out these violations but when they are brought to our attention they are vigorously pursued.

Common courtesy brings good neighbor relations! Atherton Town staff is here to help you with any questions you may have.

Starting A Home-Based Business in Atherton?

Any business conducted within a residence in Atherton requires a Home Occupation Permit. There is a one-time review by Planning Staff to ensure that your business complies with regulations of the Municipal Code and meets zoning requirements. After approval you can apply for your business license.

Already have a business?

Please ensure that you have documented approval of your Home Occupation Permit, in addition to your current business license. If not, please contact the Planning Department at (650) 752-0544 or amardesich@ci.atherton.ca.us

Do You have an Alarm System?

Last year Atherton experienced a spate of residential burglaries. An organized group of thieves, who reside outside of California, flew into the San Francisco Bay Area for the express purpose of stealing. For several weeks these thieves committed multiple daytime burglaries, often in the morning when residents were away from their home for only a couple of hours. In most cases, these burglary victims had alarm systems they neglected to arm.

The Atherton Police Department offers residential alarm monitoring free of charge. Systems connected directly to the Police Department eliminate the “middle man” monitoring service and significantly improve police response times.

Our recent successes highlight the value of alarms for both deterrence and apprehension. Your alarm system, however, is of no use unless you use it. It is important that you arm your alarm system even if you are leaving the home only for a quick errand.

Identity theft is viewed by many consumer privacy groups as the fastest-growing, white-collar crime in the nation.

Recent Federal Trade Commission statistics indicate nearly 5 percent of the adult U.S. population has been the victim of identity theft with losses totaling more than \$5 billion. Armed with another individual's personal identifying information, an identity thief can open new bank or credit accounts posing as the victim, borrow funds or make purchases in the victim's name, or withdraw funds from the victim's existing accounts. Although far more prevalent, these financial crimes are not the only criminal uses of identity theft information – it has even been used to evade detection in the commission of violent crimes.

Yes, it could happen to you.

The National Crime Information Center (NCIC) Identity Theft File is a means for law enforcement to “flag” stolen identities and identify imposters when they are encountered. Personal and biographic information entered into the Identity Theft File creates a “victim profile” that is made readily available to law enforcement during future encounters. A password is included in the file's victim profile and used for identification to law enforcement as the true identity. This password is created by the victim.

There are a number of ID theft scams that are targeting email accounts. Never click on an email link provided in an email from your bank. Your banking institution will not ask you for your account number or password in an email. Do not respond to offers to share a lottery winning if told you need to pay a fee. Remember the old adage, “If it is too good to be true, it probably is.”

If you are a victim of a scam or ID theft please contact the Atherton Police Department to file a crime report. With your written permission, your name and identification information can be entered in the Identity Theft File, administered by the FBI.

ACIL

FOCUSES ON ATHERTON COMMUNITY SUPPORT IN 2012

The ACIL, which has sponsored activities in Atherton since 1946, is chartered to “add value to the community.” This year’s ACIL meeting schedule for 2012 includes the following:

Atherton, CA, September 20, 2012 – Atherton Civic Interest League, an Atherton community-based not for profit organization that strives to improve the quality of life in Atherton, has released their yearly meeting plan for 2012. “Because of recent cuts to government,” said co-president John Davey, “We wanted to support the power of community involvement in our town. So we’re starting by providing opportunities for Atherton residents to meet one another and to have fun in Atherton.”

“As parents, we want to help parents model community involvement for their children,” said co-president Cat Mikkelsen, “We’re all busy, so we want to make it fun. So we are working to put on some good parties this year in an effort to bootstrap good feeling and community involvement.” “We’re also looking for any out-of-the-box ideas our residents have for community involvement.” Both co-presidents note that ACIL is actively looking for volunteers. “We are planning on hosting a series of weekly classes in things like Mah Jong, bingo, poker, and resident-hosted cooking classes as well,” said John Davey. “Please email me if you would be interested in teaching or taking a class.”
johndavey@sbcglobal.net

**Friday, April 20 - Meet Your Neighbors
Panel and Mingle Party @ 5:30 - 7:30 pm
Holbrook Palmer Park Main House**

ACIL is interested in hearing of any activities that people would like at the block party, particularly for children

**Saturday, July 21 - Spaghetti Dinner
and Benefit @ 7:00 pm
Holbrook Palmer Park Pavilion—**
meet the Atherton Police and Fire Departments

**Thursday, September 20 - Nonprofit Profiler
and Mixer Party @ 7:00 pm
Holbrook Palmer Park Main House—**
meet some of Atherton’s nonprofits

**Thursday, October 4 - Candidates Forum
for Atherton Town Council @ 7:00 pm
Holbrook Palmer Park Pavilion**

About Atherton Civic Interest League

Founded in 1946, ACIL strives to improve the quality of life in Atherton, to support town government, and to advance the civic interests of Atherton residents. The ACIL has a long and colorful past, filled with wonderful social events and support of town government. It has supported Selby Lane School, disaster preparedness, provided forums where residents can meet candidates for office, and hosted parties and gatherings. This year, the ACIL is looking for additional volunteers who are interested in helping to organize and host social events. For additional information, please visit athertoncivicinterestleague.org or contact: John Davey at johndavey@sbcglobal.net or 650-325-9023 or 415-999-0303(cell).

Come Join Us This Spring at the Atherton Library!

There are a multitude of great, free events happening this spring at the Atherton Library. We hope you can join us for these activities. The majority of events are paid for by the Friends of the Atherton Library, including the Final Friday Flicks, Ice Cream Socials, and many of the programs below for both children and adults. If you and your family enjoy these activities, please consider a donation to the Friends of the Atherton Library so we can continue to provide these programs. Envelopes are available at the library for your contribution.

CHILDREN'S STORY TIMES

Toddler Time

Tuesday mornings at 10:30 am
Children ages 18-36 months
On going now through April 17
Summer Session June 5-August 7

Preschool Story Time

Monday mornings at 11:00 am
Children ages 3-6 year
On going now through June 11
No Summer sessions

Musical Story Time

2nd and 4th Thursdays at 4:00 pm
March 8 and 22, April 12 and 26,
June 14 and 28, July 12 and 26,
August 9 and 23
Family story time for all ages

CHILDREN'S PROGRAMS

Monday, April 9 @ 4 pm

Robots, Robots, Robots

Celebrate National Robotics Week by meeting the award winning members of the Sequoia High School Robotics Team "Purple Reign" and their robot. Kids ages 5 and up will have a chance to drive the robot and watch it perform

Thursday, April 19 @ 3:30 pm

Origami

Children of all ages can learn how to make a origami carp, for Children's Day. Students from the Menlo School will teach origami.

CHILDREN'S PROGRAMS *cont.*

Tuesday April 24 @ 10:30 am

Toddler Dance Party with Charity Kahn

Sing along, play along and dance along with this award-winning musician.
Ages 1 and up!

Monday, May 14 @ 4 pm

Insect Discovery Lab – Ages 4 and up

Come and meet some fascinating creatures!

FINAL FRIDAY FLICKS @ 7:00 PM

Family friendly films
shown last Friday of each month

Tentative film schedule:

March 30 – *Winnie the Pooh*
April 27 – *Kung Fu Panda*
May 25 – *The Muppets*

ICE CREAM SOCIAL and BOOK EXCHANGE

Saturday, March 17 and June 23

1:00-3:00 PM

Bring a book and take a book
Free ice cream in the
Library Secret Garden.
Bring the whole family

SUMMER READING PROGRAM

Begins June 1st for children & teens!
Children's theme "Dream Big – READ"
Teen's theme "Own the Night"

ADULT PROGRAMS

April 7 @ 2pm (subject to change)

Guy Kawasaki - "The Top 10 Things
I Learned About Innovation from
Steve Jobs."

Saturday, May 5 @ 3 pm

Deborah Koons Garcia -
"The Future Of Food"

Wednesday, June 13 at 6:30 pm

Henhouse Folk Music Concert

ADULT BOOK CLUB

Every 2nd Tuesday at 6:30pm-8pm

"Word Freak" by Stefan Fatsis and
"Big Alma" by Bernice Scharlach

Note: Special event with author
Lian Gouw of "Only a Girl" on
Saturday, March 17 at 1 pm

COMPUTER COACH

Every Monday from Noon to 1 PM.

Sign up in advance for personal
computer or Internet instruction.

KNIT TOGETHER

Every 2nd & 4th Saturday

2:00-4:00 pm

Informal gathering of knitters.
No instruction.
Bring your own supplies.

Disaster can strike quickly and without warning.

It can force you to evacuate your neighborhood or confine you to your home. Did you know that the United States Geological Survey (with offices in Menlo Park) predicts that there is a 65% probability that there will be a massive earthquake (6.7 Magnitude or greater) in the Bay Area sometime between now and the next 25 years? That's the same level as the Northridge Quake that hit southern California in 1994 and is the same ballpark as the Loma Prieta Quake that hit San Francisco in 1989. These two disasters wreaked havoc in the lives of hundreds of thousands of Californians.

What would you do if basic services--water, gas, electricity or telephones--were cut off? And cut off not just for a few hours but for three or four days? Even with the best intentions and expert capabilities, local officials and relief workers cannot reach everyone right away. We in Atherton are especially vulnerable given we have no commercial center, a small population, many of our professional responders (police/fire) live out of the area and a only limited number of our police and fire personnel are on duty at any one time. As such, experts from FEMA, the American Red Cross, and other disaster and relief organizations now recommend that you prepare to care for yourself and your family on your own for a minimum of 96 hours...

Four Steps to Safety

1. Find Out What Could Happen/Get Better Informed

- Contact your local Red Cross chapter or emergency management office or disaster preparedness organization. Ask what types of disasters are most likely to happen. Request information on how to prepare for each.
- Learn about your community's warning signals: what they sound like and what you should do when you hear them.
- Find out how to help out elderly or disabled persons if needed. Ask about animal care after a disaster (e.g., animals are not allowed in emergency shelters).
- Find out about the disaster plans at your workplace, your children's school or day care center, your own neighborhood and other places where your family spends time.

2. Create a Disaster Plan

- Meet with your family and discuss why you need to prepare for disaster. Explain the dangers of fire, severe weather, pandemic flu and earthquakes. Plan to share responsibilities and work together as a team.
- Pick two places to meet:
 1. Right outside your home in case of a sudden emergency, like a fire
 2. Outside your neighborhood in case you can't return home. Everyone must know the address and phone number.
- Ask an out-of-state friend to be your "family contact." After a disaster, it's often easier to call long distance than locally. Other family members should call this person and tell them where they are. Everyone must know your contact's phone number.
- Discuss what to do in an evacuation. Plan how to take care of your pets.

3. Create a Checklist and Get Supplies

- Post emergency telephone numbers by phones (fire, police, ambulance, etc.).
- Teach children how and when to call 9-1-1 or your local Emergency Medical Services number for emergency help.
- Show each family member how and when to turn off the utilities (water, gas, and electricity) at the main switches.
- Get training from the fire department for each family member on how to use the fire extinguisher (ABC type), and show them where it's kept.
- Install smoke detectors on each level of your home, especially near bedrooms.
- Stock emergency supplies (e.g., food, water, medicines) and assemble a disaster supplies kit that includes lights/flashlights and key tools.
- Take a Red Cross first aid and CPR class.
- Determine the best escape routes from your home. Find two ways out of each room.

4. Practice and Maintain Your Plan

- Quiz your kids every six months or so.
- Conduct fire and emergency evacuations.
- Replace stored water, food and other vulnerable supplies regularly.
- Test and recharge your fire extinguisher(s) according to manufacturer's instructions.
- Test your smoke detectors monthly and change the batteries at least once a year.

Neighbors Helping Neighbors

Working with neighbors can save lives and property. Meet with your neighbors to plan how the neighborhood could work together after a disaster until help arrives. If you're a member of a neighborhood organization, such as a home association or crime watch group, introduce disaster preparedness as a new activity. Know your neighbors' special skills (e.g., medical, technical) and consider how you could help neighbors who have special needs, such as disabled and elderly persons. Make plans for childcare in case parents can't get home. In Atherton, it is more than likely that your neighbor, not the police or fire department, will be the first to respond in a disaster.

GET INVOLVED! JOIN "A.D.A.P.T." Atherton's Disaster and Preparedness Team.

A number of neighborhoods are already organized or in the process of getting organized. For more information, contact Sergeant Kristin Nichols (650-752-0565) of the Atherton Police Department or Scott Barnum (microbarny@msn.com) or visit ADAPT's website at www.getreadyatherton.org. The website is a great one-stop local resource.

To get copies of American Red Cross community disaster education materials, contact our local Red Cross chapter: www.redcrossbayarea.org

Acterra's High Energy Homes Project

CAN HELP YOU DISCOVER WHERE YOUR HOME USES THE MOST ENERGY

This free energy assessment tool is available to residents who are interested in an easy, online analysis that doesn't require someone to come to your home. The software is designed to analyze and reduce energy usage in larger homes by utilizing PG&E SmartMeter data. Complete your home's energy profile and the program will provide low-cost, specific recommendations to help you take back that energy and lower your utility costs.

To sign up and for more information, visit
www.acterra.org/highenergy

I would like to take this opportunity to say hello to all Atherton residents and to let you know that my staff and I are here to help you.

If you have any concerns, would like to find out more information on a particular matter, or just want to stop by and say hello, please feel free to do so. My staff and I look forward to providing you professional service, a timely response and a warm and friendly smile.

Theresa DellaSanta, Interim City Manager
